By signing below, in accordance with Chapter 11.10 of the Town of Parker Municipal Code, the applicant hereby applies for a Town of Parker Grading/Excavating Permit for the aforementioned property and certifies as follows:

- To the best of my/our knowledge, the information provided herein is correct and consistent with the approved engineering plans for the site.
- A Construction BMP Plan (i.e., sediment and erosion control plan) for the disturbed area(s) on this site was prepared and submitted in accordance with the Parker Storm Drainage and Environmental Criteria Manual, as amended.

The Permit is granted with the explicit understanding that it is the owner's/contractor's responsibility to:

- Install and maintain sediment and erosion control measures in accordance with the Town of Parker approved Construction BMP Plan.
- Revise or modify sediment and erosion control measures if it becomes apparent the original plan is inadequate, or as a result of deficiencies identified during inspections performed by the Public Works Department.
- Immediately cease land disturbances activities upon receipt of a written stop work order from a Designated Town Authority. (A stop work order will be issued if Permittee is not in compliance with the provisions of the approved plans and Permittee fails to take corrective action within the time specified on the notice of intent to issue stop work order.)
- Obtain all other applicable state and federal permits and approvals, including Stormwater Discharge Permits for Construction Activities issued by the Colorado Department of Public Health and Environment, Water Quality Control Division.
- Renew this permit prior to the expiration date (2 years from date of issue), if it is anticipated that project grading/excavating activities will continue beyond this date.
- Fully comprehend and implement the Construction BMP Plan that was prepared for the site.
