

## Permit Type: Right-of-way (ROW) Permit

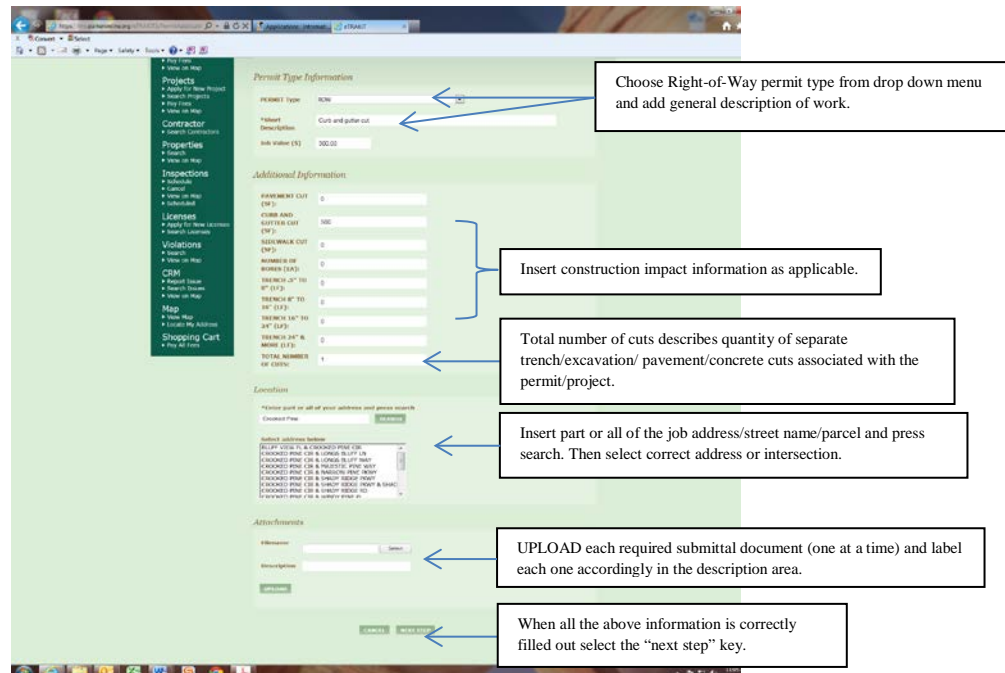

**Definition:** Right of Way Use Permits (ROW) are required for all construction or alteration to take place within the Town of Parker public right-of-way. This permit is necessary to ensure that all construction or alteration within the Town of Parker Right of Way is in compliance with Town of Parker standards. Right of Way Use Permits are administered through the Public Works Department, with technical reviews and inspections performed by the Public Works Department Staff.

You are applying for a Right-of-way (ROW) permit. The Permittee is charged hourly rates for all inspections.

### Submittal Requirements:

- Erosion Control Plan
- Certificate of Insurance
- Cost Estimate
- Mix Designs
- Site Map
- Traffic Control Plan

## STEP 1

The screenshot shows a web browser window with a permit application form. The form is titled "Permit Type Information" and includes several sections: "Permit Type Information", "Additional Information", "Location", and "Attachments".

Callout boxes provide instructions for each section:

- Permit Type Information:** Choose Right-of-Way permit type from drop down menu and add general description of work.
- Additional Information:** Insert construction impact information as applicable.
- Additional Information:** Total number of cuts describes quantity of separate trench/excavation/ pavement/concrete cuts associated with the permit/project.
- Location:** Insert part or all of the job address/street name/parcel and press search. Then select correct address or intersection.
- Attachments:** UPLOAD each required submittal document (one at a time) and label each one accordingly in the description area.
- Buttons:** When all the above information is correctly filled out select the "next step" key.

## STEP 2

Completely fill out all contacts listed below that apply to your project.

When all contact information is completely filled out select "Next Step".

## STEP 3

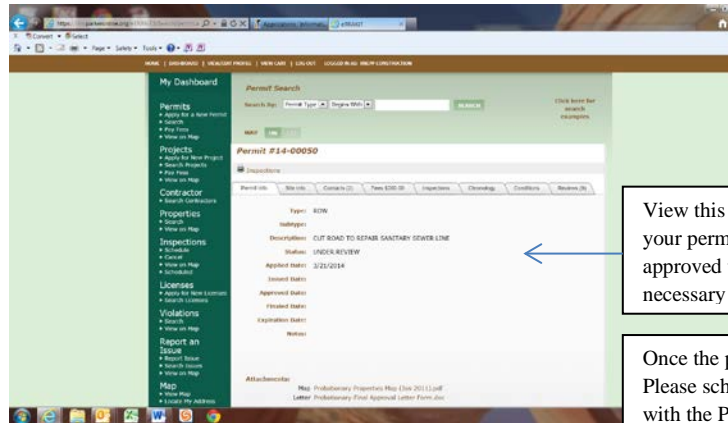

Review permit application information for accuracy and completeness.

Fees cannot be paid by applicant until permit has been reviewed and approved. Permit fees will be determined as part of the Town's review of the application.

Select "Next Step" to submit the permit.

## STEP 4

View this page to track the status and pay for your permit. Once the permit has been approved the applicant can pay the fees necessary for issuance.

Once the permit has been paid, it will be issued. Please schedule a pre-construction meeting with the Public Works Department at least 48 hours prior to starting construction.

If you have any questions please contact The Town of Parker Public Works Department at 303.840.9546 or [publicworks@parkeronline.org](mailto:publicworks@parkeronline.org).
